

# Create

## Melted Crayons Rainbow

Amazing, rainbow art work for your space, created by Toni K from Pukekohe

### What you will need:

- Stretch Canvas
- Crayola Crayons
- Hot Glue Gun
- Hair Dryer

Use quality crayons as some cheaper brands tend to melt to a different colour than the actual crayon

### Instructions:

1. Using a hot glue gun, glue all of your crayons in rainbow colour order along the top of the canvas
2. Use a hair dryer in a downward angle, blowing in the direction you want the colours to drip
3. Leave your art to dry before hanging

Check out this video to see the creation of a crayon canvas in action!

Children should always be supervised by an adult when doing this project
