### School stationery lists

Please email your class stationery list, in any format to **[schools@stationery.co.nz](mailto:schools@stationery.co.nz)**. All lists we receive will be made available for parents to purchase online at [warehousestationery.co.nz](https://warehousestationery.co.nz). This makes it super easy for them because they can add the list to their cart with one simple click and have it delivered to their door.

They know they're getting exactly what they need and there's no need to queue in busy stores during the back to school rush. When putting your lists together, choose products from the 2022 Warehouse Stationery School Stationery Catalogue.

### School packs

Sorting out school stationery packs is easy. Simply tell us which items your students need for the 2022 school year and we'll provide each student with a pre-packed box containing everything they need to start school on day one.

### School bulk orders

Ordering supplies in bulk is ideal if you plan to sell stationery and workbooks to parents at the start of the school year, or if your school has it's own bulk product requirements. Let us know what you need and we can cost this up specifically for your school.
