YOU WILL NEED

- Yarn – I used 4 different colours
- Sharp scissors
- A sturdy piece of cardboard
- A piece of dowel or rod
- Ruler

INSTRUCTIONS

1 Cut your cardboard into a piece about 12 cm width. Then wrap your yarn around it approx 30 times and cut off the end.

2 Cut 2 pieces of yarn, each approx 80 cm long. Slide a piece under one side of the bundle of yarn, then tie it tightly in the middle.

3 Flip over the bundle and cut through all of the strands on the opposite side.

4 Remove the cardboard and smooth the tassel down.

5 Take the second piece of cut yarn and wrap it around the tassel about 10 times then knot securely. Hide the knot under the wrapped yarn.

6 Repeat to make 9 tassels, then tie each one to the dowel. Tie a piece of wool to the top as the hanger.
