INSTRUCTIONS

- 1 Open up a poster frame, remove the backing board, and put everything except the backing board to the side.
- 2 Grab some of your favourite coloured card and stick it to the backing board with double sided tape or glue. You can also add smaller pieces of decorative paper for a pop of colour.
- 3 Choose a selection of your favourite memories and cut these photos in any way you like!
- 4 Arrange these photos on top of the coloured card in a collage style display and when you're happy, stick them down one at a time. Double sided tape works well, or you can carefully use glue.
- 5 Now it's time to add a little extra sparkle! Grab some stickers, postcards, mini pieces of art, and anything else that tickles your fancy and add them to your unique work of art.
- 6 Place the photo montage back in the frame.
